B By signing below, I do hereby give my consent to the performance of conservative, noninvasive treatment to the joints and soft tissues. I understand that the procedures my consist of manipulations/ adjustments involving movement of the joints and soft tissues. Physical therapy exercises may also be used.

Although spinal manipulation/adjustment is considered to be one of the safest, most effective forms of therapy for musculoskeletal problems, I am aware that there are possible risks and complications associated with these procedures as follows: Soreness, Dizziness, Fractures/joint injury, Stroke, and physical therapy burns.

I understand the probability of any of these risks occuring is rare and that tests will be performed on me to minimize the risk of any complication from treatment, and I freely assume these risks. I am aware that reasonable alternatives to chiropractic procedures are available to me including rest, home application of therapy, prescription and over the counter medications, exercises, and possibly surgery. I also understand that there are beneficial effects associated with chiropractic treatment procedures including decreased pain, improved mocbility and function, and reduced muscle spasm. However, I appreciate there is no certainty that I will achieve these benefits. I agree to the performance of these procedures by my doctor and such other person(s) of the doctor's choosing. **I have read or have had read to me the above explanations of chiropractic treatment. Any question I have regarding these procedures have been answered to my satisfaction PRIOR TO MY SIGNING THIS CONSENT FORM. I have made my decisions voluntarily and freely.**

ABOUT MEDICARE CHIROPRACTIC COVERAGE

Your Medicare coverage of chiropractic care is limited. They will only pay for the chiropractic adjustment (manipulative treatment) when it meets Medicare's rules. There are three categories of Medicare services: 1) non-covered 2) always-covered, and 3) perhaps-covered.

NON-COVERED SERVICES

According to existing Medicare law, most of the available services in our office are NON-COVERED. Hopefully, the U.S. Congress will change that someday and treat Doctors of Chiropractic like all other doctors. Until then, here is a summary:

Examples of Non-Covered Services

All Services Other than Chiropractic Adjustments:

- Office Visits - to evaluate and manage, re-evaluate, advise, or counsel.
- Physiotherapy - such as massage, traction, electrical stimulation, neuromuscular re-education, etc.
- X-rays, Laboratory, Supplies, Vitamins, etc.

Various Chiropractic Adjustments:

- Non-spinal manipulation to the shoulder, arm, leg, etc.
- Maintenance Care - you are stable and not making any more improvement.
- Wellness Care - to promote better health.

Non-covered items will appear on your insurance claim form. They will show as a Medicare Non-covered service like this: "72010–GY". The "72010" code is for an x-ray. The "-GY" means that it is not-covered, allowing your service to go through the Medicare system. After denial by Medicare, it can then go on to your other insurance. If you have Medigap insurance (also known as Medicare Secondary or Supplemental insurance) they will pay according to the terms of your contract.

ALWAYS-COVERED SERVICES

A typical example of a Medicare COVERED service is when you are injured or you are in much pain due to a bad spinal condition. You should expect Medicare to pay for your rehabilitation as long as you are improving. This phase of care is call "active treatment." It will be shown on your Medicare claim form and payment reports with your service code. For example, "98940-AT."

PERHAPS-COVERED SERVICES

Your Chiropractic Adjustment must be clinically needed according to Medicare rules. If Medicare determines that your condition is not "Medically Necessary" they won't pay. If we know or believe that Medicare will not pay for your chiropractic adjustment, we will discuss this matter with you. We will also give you a special Medicare form known as the Advance Beneficiary Notice (ABN).

MY FINANCIAL RESPONSIBILITY

I have received the above information, "About Medicare Chiropractic Coverage." I understand that I am personally **financially responsible** for all services not paid for by my insurance. I am also responsible for any annual deductibles applicable, copayments, or non-covered services as may be required by my insurance plan.
